To Whom it May Concern:

Orange & Blue Construction recently completed over 400,000 square feet of tunnel form construction for the Alta Cortina project in Boynton Beach, FL. We are extremely pleased with the finished product, the quality of construction, the attention to detail and the commitment to the project.

Bill and Andrew Randle, together with their employees, conducted their duties and responsibilities professionally, and always with attention to detail and exceptional service to Kaufman Lynn.

I personally would recommend Orange & Blue Construction to anyone considering a using them as their Concrete Shell Contractor. Should you have any questions or require further information please feel free to contact me.

Thank you,

A handwritten signature in blue ink, appearing to read 'Matthew Hurley', is written over the text 'Thank you,'.
